Applicant: **JEROME GLASSER**

Application Title: **AN EASY-OPENING SYSTEM FOR DRAWSTRING BAGS**

Application No.:

Examiner/GAU:

Mailed: **July 25, 2003**

As a below named inventor, I hereby declare that:

my residence, post office address, and citizenship are as stated below by my name;

that I believe that I am the original, first, and sole inventor of the subject matter which is claimed and for which a patent is sought on the invention, the specification of which is attached hereto and which has the following title:

"An Easy-Opening System For Drawstring Bags"

that I have reviewed and understand the contents of the above-identified specification, including the claims;

that I do not know and do not believe the same was ever known or used in the United States of America before my invention thereof, or patented or described in any printed publication in any country before my invention thereof or more than one year prior to this application;

that the same was not in public use or on sale in the United States of America more than one year prior to this application;

that the invention has not been patented or made the subject of an inventor's certificate issued before the date of this application in any country foreign to the United States of America on an application filed by me or my legal representatives or assigns more than twelve months prior to this application;

that I acknowledge a duty to disclose information which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations, Section 1.56(a).

this application is based on USPTO Provisional Patent Application No. 60/398,129, filed July 25, 2002.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with both, under Title 18, United States Code, Section 1001, and that such willful false statements and the like so made are punishable by fine or imprisonment, or both may jeopardize the validity of the application or any patent issued thereon.

Small Entity Declaration--Independent Inventor

As below-named inventor, I hereby declare that I qualify as an independent inventor as defined in 37 CFR 1.9(c) for purposes of paying reduced fees under Section 41(a) and (b) of Title 35 United States Code, to the Patent and Trademark Office with regard to my above-identified invention described in the specification filed herewith. I have not assigned, granted, conveyed, or licensed and am under no obligation under any contract or law to assign, grant, convey, or license--any rights in the invention to either (a) any person who could not be classified as an independent inventor under 37 CFR 1.9(c) if that person had made the invention, or (b) any concern which would not qualify as either (i) a small business concern under 37 CFR 1.9(d) or (ii) a nonprofit organization under 37 CFR 1.9(e)

There is no such person concern or organization to which I have assigned, granted, conveyed, or licensed--or am under an obligation under contract or law to assign, grant, convey, or license--any rights in the invention.

I acknowledge a duty to file, in the above application for patent, notification of any change in status resulting in loss of entitlement to small entity status prior to paying, or at the time of paying, the earliest of the issue fee or any maintenance fee due after the date on which status as a small entity is no longer appropriate. (37 CFR 1.28(b)).

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this verified statement is directed.
